Rental rate: Weekly	\$ 1125.00 per week plus \$ 4.00 per hour usage
Seasonal rate: October 1 – January 1	\$ 4025.00 per month plus \$ 4.00 per hour usage

Special Notes

Customer is responsible to track road miles and fuel use in road legal spotters.

Customer must submit tracking forms to JLE each month

Yard spotters are delivered with a full tank of diesel fuel. The tank needs to be full when returned. If the fuel tank is not full, customer will be billed \$10 per gallon to refill tank.

Customer pays for transport both ways. Pickup and Delivery.

Billing will be provided on a monthly basis and is coordinated through the JLE Accounting Office.

JLE Truckwash maintenance contact information will be provided to customer for service calls during regular hours and after hours. Meter reading will be taken weekly and provide to JLE accounting office for tracking. Customer pays pickup and delivery fees.

JLE checks the tire tread before and after lease. Customer pays \$27.50 per 1/32 of tread use on each tire.

JLE will provide customer with a rental agreement.
— Upon request, JLE can limit the ground speed on yard spotters. The cost to reduce the speed and reverse the process at end of lease will be borne by the customer.

Customer pays for damage to vehicle, or excessive wear and tear caused by abuse.

Includes repairs of vehicle breakdowns.

The “A service” is provided at each 250 hours of use. No travel cost is charged within 50 miles of our shop. Beyond 50 miles, we charge \$1.50 per mile plus \$150 per hour for travel time.

Emergency service calls are dispatched on a first call basis.

Customer is responsible to pay all taxes associated with highway miles and fuel.

Yard spotter governors are preset to regulate ground speed. If customer requires governor to be reset, it will be at customer’s expense to adjust governor to new setting and restore if at end of rental.

Rates are based on JLE performing service and repair work onsite. If spotter has to be transported offsite to do work, it will be at the expense of the customer.

Operating yard spotters at high speeds can result in yard accidents and trailer rollovers.

Rates are subject to an annual price increase.
